To Whom It May Concern

I am writing to enthusiastically recommend Rana Naveed for the Australian Award Scholarship. As his instructor during his BBA degree program, I had the privilege of witnessing his dedication, intellectual curiosity, and academic excellence firsthand. I am confident that he will excel in his future studies and make a meaningful contribution to the academic community at the Indonesian Universities.

Throughout his time in my classes, he demonstrated an exceptional thirst for knowledge and a strong commitment to his education, his ability to engage deeply with course material and his proactive approach to learning set him apart as a motivated and capable student. As an educator, it is always rewarding to work with students like him, who is eager to unlock his full potential. I am proud to have been one of his teacher's and firmly believe he would be an outstanding representative of your institutions.

He possesses sound management skills as I have appraised him through different curricular and co-curricular activities and assigning key responsibilities to him. He is quite task oriented, updated and determined student accepting management and social targets with a pride and delivers them to the best of his team leading skills. His team leading skills make him a very good leader at any given day. He has proved this with number of instances like being Class Representative (CR) for three semesters (2020-2022) and in organizing International Conference on Multidisciplinary Research (ICMR-2022) at University of Jhang.

In summary, I wholeheartedly recommend Rana Naveed for the Australian Award Scholarship. he is one of the most deserving candidates I have encountered in my teaching career, and I am confident he will make the most of this opportunity. Please do not hesitate to contact me if you require further information or have any questions about his qualifications.
